Unless things change, broadcasting of events will restart in July. If this changes I will post. Everything Listed below will start in July. Between now and then retooling will still be done and sells will also be done, It will be a very busy July just look at what will be done:

- 1) Area cheerleading tryout (this is a sport)
- 2) Area schools can start getting ready for the fall sports season (pictures at save distance)
- 3) A lot of area festivals and fairs (Elkhart County 4H Fair will be covered)
- 4) Area Harness Racing
- 5) Area Stock Car racing coverage
- 8) The relaunch of the new and improved New Level Media with a lot to offer the area business
- 9) I hope to have coverage of the Indiana North South Football game (If this is still played. Have not heard it will not be played)
- 10) Offer 300 sponsorships to area business to promote there business
- 11) New rules will be set when covering events
- 12) Preview the New Northridge Athletic Complex (the complex should be done late June or early July)
- 13) The first Baseball, Softball and Football Practice at the new athletic complex will be previewed
- 14) Get ready for a steller New Elkhart High School sports and fine arts season
- 15) Preview the marching band season.

Governor Holcomb Announces STEM Team Award Winners

INDIANAPOLIS—Governor Eric Holcomb today announced the four winners of the 2020 Governor’s STEM Team awards. Each student will receive a \$1,000 scholarship, courtesy of the College Choice 529 Program administered by Treasurer of State Kelly Mitchell.

“Indiana is home to incredibly gifted and talented students. It gives me great pride to honor this year’s STEM Team for all their hard work. Each of these seniors have a promising future ahead of them. They represent some of Indiana’s finest and I look forward to seeing the amazing things they accomplish in the years ahead.” said Gov. Holcomb.

In lieu of an in person awards presentation, the students enjoyed a video call with Gov. Holcomb.

Science: Iris Yan, Carmel High School, Carmel

Iris is a senior at Carmel High School in Carmel. Iris earned perfect scores on the SAT Chemistry, SAT Physics, SAT Math, and SAT II Math exams. Iris also earned perfect scores on the ACT Science and Math exams. She completed ten AP exams, earning a score of 5 on each one. Recognized nationally for her prowess, she was chosen to attend the MIT Research Science Institute in 2019 and was a two-time honoree in the United States National Chemistry Olympiad Exam in 2018 and 2019, one of the top 20 student chemists in the nation. She plans to attend Harvard in the fall.

Technology: David Simonetti, Penn High School, Mishawaka

David is a senior at Penn High School in Mishawaka. David earned a perfect score on the SAT Math exam. He completed six AP exams and earned a score of 5 on every one. He led his team to a state championship in the Indiana Math Academic Superbowl, is a state champion and nationally ranked in Trig Star, a timed math contest, and was a standout at First Robotics Competition, a worldwide STEM program. During his junior year, David worked on a team in the Mission to Engineer program to design a robotic “Hulk Smash” Halloween costume for a young boy who is wheelchair bound. The intricate circuitry work was recognized in a feature on CBS National News. David plans to attend the University of Notre Dame to study computer science.

Engineering: Ankush Dhawan, Signature School, Evansville

Ankush Dhawan is a senior at the Signature School in Evansville. Ankush has already earned several college credits via dual credit courses, getting a jump start on his college career. He earned a perfect score on the SAT II Math exam and nearly perfect scores on the SAT Math and ACT Math exams as well as ACT English and ACT Reading exams. Ankush was a finalist in the Regeneron Science Talent Search, a top finisher in the Intel International Science and Engineering Fair, the Indiana winner and overall 2nd place winner in the Stockholm Junior Water Prize U.S. National Competition, and the 2017 silver medallion winner at the International Sustainable World Energy, Engineering, and Environment Project Olympiad. His long-range goal is to continue working towards sustainability through research in water contamination and a major in environmental engineering.

Math: Vivek Hebbar, Columbus North High School, Columbus

Vivek Hebbar is a senior at Columbus North High School in Columbus. Vivek earned perfect scores on the SAT Math, SAT II Math, SAT II Physics, SAT II Chemistry, ACT Science, and ACT Math exams. He completed eight AP courses with scores of 5 on all of the corresponding exams. Vivek was a national finalist and scholarship winner in the MathWorks Math Modeling Challenge, a qualifier to the American Invitational Math Examination for 5 consecutive years, and has successfully completed an upper level college course in Artificial Intelligence, among other college credits earned. He plans to study math or physics.

Four Mastodon Squads Earn NCAA Public Recognition Awards

INDIANAPOLIS – The Purdue Fort Wayne women's soccer, men's volleyball, women's volleyball and women's golf programs have each been honored with the NCAA Division I Public Recognition Award for their latest multiyear Academic Progress Rate (APR), as announced Tuesday (May 12) by the NCAA.

To earn the honor, a program must post multiyear APRs ranked in the top 10 percent of all Division I teams in the respective sports. The most recent APRs are multiyear rates based on scores from the 2015-16, 2016-17, 2017-18 and 2018-19 academic years.

The Mastodons have the only women's soccer team in the Summit League to earn the honor. Additionally, Purdue Fort Wayne, IUPUI and Notre Dame are the only three women's soccer programs in Indiana to be recognized. This is the second time in program history the Mastodon women's soccer team has earned the Public Recognition Award after also receiving the award last season.

Men's volleyball picks up the honor for the third time in program history. They are the only team in the Midwestern Intercollegiate Volleyball Association and one of only four men's volleyball programs in the entire nation to earn the honor this season. Harvard, USC and Saint Francis (Pa.) are the other three to receive the award.

Women's volleyball is one of three programs in the Summit League to receive the APR Public Recognition Award. This is the eighth award in program history. The Mastodons, Notre Dame, Purdue and IUPUI are the only Division I women's volleyball teams in Indiana to receive the honor this year.

The 'Dons are one of six Summit League women's golf teams to earn the honor this year. This is the eighth straight year, and ninth time overall, that Purdue Fort Wayne women's golf has been recognized.

"Congratulations to these student-athletes and coaches as well as the staff and faculty who support their academic efforts," Purdue Fort Wayne Director of Athletics Kelley Hartley Hutton said. "I am proud of our department's culture which places high value on academic excellence."

Each year, the NCAA honors selected NCAA Division I sports teams by publicly recognizing their latest multiyear NCAA Division I Academic Progress Rate. This announcement is part of the overall Division I academic reform effort and is intended to highlight teams that demonstrate a commitment to academic progress and retention of student-athletes by achieving the top APRs within their respective sports. The APR provides a real-time look at a team's academic success each semester by tracking the academic progress of each student-athlete on scholar-
